PIPELINE BLANKETS

PRODUCT INFORMATION

Pierce Co. pipeline blankets are made out of glass cloth on the underside with a temperature limit up to 1000°F (537°C). On the top is a 12 oz treated canvas, which is water repellent, UV and mold resistant. In between the glass cloth and canvas is a layer of 1" fiberglass insulation.

All of our pipeline (also welding or cooling) blankets come 12" wide with the exception of our multi-size blankets, which are 9" wide. Our multi-size blankets come in two sizes, 3"-6" pipes and 8"-12" pipes (fitting three sizes with one blanket).

Our welding blankets can be secured with S-hooks sewn to 1" wide elastics that fasten to cotton webbing loops sewn on the other end of the blanket, providing a tight fit around the pipe.

MOST COMMON SIZES ALWAYS IN STOCK

Size	Width	Product Code	Bundle Size	QTY in Stock *
3"-6"	9"	WB/030406	25pcs	250-500
8"-12"	9"	WB/081012	25pcs	250-500
16"	12"	WB/1612	10pcs	50-200
20"	12"	WB/2012	10pcs	50-100
24"	12"	WB/2412	10pcs	50-200
30"	12"	WB/3012	10pcs	50-200
36"	12"	WB/3612	10pcs	50-200
42"	12"	WB/4212	10pcs	50-200
48"	12"	WB/4812	10pcs	50-100
